In the Drawings:

Replace drawing sheets 1/4 and 3/4 with Replacement Drawing Sheets 1/4 and 3/4. Replacement Drawing Sheet 1/4 identified Figures 1a and 1b as prior art. Replacement Drawing Sheet 3/4 incorporated item number 604 to correctly identify the base body.

Remarks

Claims 1-4 and 6-21 remain pending in the application.
Claims 1, 10 and 14 are amended.

Drawing Objections

The drawings are objected to because Figures 1a and 1b should be designated as prior art and because reference character "601" has been used to designate both holding block and base body. Replacement sheets 1/4 and 3/4 making appropriate changes are submitted. No new matter is added. Therefore, withdrawal of these objections is respectfully requested.

Claim Objections and Rejections

The Examining Attorney indicated that the subject matter of claim 5, if written in independent form, would be allowable over the prior art. The applicant amended the claims to place them in condition for allowance. Withdrawal of the rejections and objections is respectfully requested.

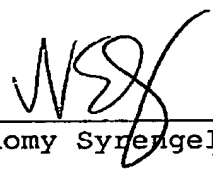

212/538

Conclusion

This response has addressed all of the Examiner's grounds for objection and rejection. Reconsideration of the rejections and allowance of the claims is requested.
